

## CKIN PROVES TO HAVE BEEN TRAITOR

Tragic Stories Told of Mc-  
Namara's Successor as Sec-  
retary of Iron Workers.

### IDENTIFIED ON STAND

Information to Govern-  
ment Against His Forty-  
four Fellow-Defendants.

DIANAPOLIS, Ind., Oct. 25.—  
John S. Hockin, a defendant in the  
"Hague conspiracy" trial, who suc-  
ceeded John J. McNamara, the dynam-  
ite secretary of the Iron Workers, was  
today identified by four wit-  
nesses as having given informa-  
tion to the government against his  
forty-four fellow defendants.

After Drew, a New York counsel for  
National Erectors association, tes-  
tified that Hockin had said:  
"I know they've got me, but I don't  
want to be the only one."

The witness said that during the  
trial, Hockin returned the indict-  
ment offered to give informa-  
tion to the government against his  
forty-four fellow defendants.

When Explosions Began.

Mr. Drew said that a strike had been  
declared by the Iron Workers union in  
1905 and explosions on work of mem-  
bers of the Erectors association began  
soon after that time.

Senator J. W. Kern for the defense  
asked:  
"Isn't one of the members of the  
Erectors association a subsidiary of the  
United States Steel corporation?"

"I believe it is," said Mr. Drew.  
Hockin is the man who Orrie E. Mc-  
Namara said put him in the dynamite  
business and who engineered many  
of the jobs blown up by McNamara, and  
James B. McNamara. He is also ac-  
cused by the government of having  
"double-crossed" the union officials.

Thomas E. Markey, a photographer,  
testified that he saw Hockin visit the  
grand jury room with bundles of pa-  
pers and later saw him in the Iron  
Workers' office when detectives visi-  
ted it to secure photographs of let-  
ters.

Fully Identified.

The witness said that Hockin on one  
occasion had said: "I've got to get  
away from here before anyone sees  
me."

Charles Schmidt, a deputy United  
States marshal, also said Hockin had  
visited the federal building with pa-  
pers.

Guy Caldwell, an elevator boy, iden-  
tified Hockin as having visited Drew's  
room.

When attorneys objected to a request  
that Hockin stand up, Judge Anderson  
said:  
"Stand up, Hockin. It's absurd to  
ask a jury to try a case without know-  
ing whether the defendant is present."

Hockin then stood up.  
G. T. Washburn of Chicago, testified  
about installing the telephone device  
in the Iron Workers' headquarters. He  
said it was done before daylight last  
December, himself and the detective  
walking through the office building  
backfired so as not to make a noise.  
He said the door was unlocked by De-  
tective Foster.

WOOD PULP AND PAPER  
CASE IS POSTPONED

WASHINGTON, Oct. 25.—The customs  
court in the case of the American  
application for an indefinite postponement  
of the wood pulp and paper case involv-  
ing the right of European countries, un-  
der the most "favored nation" clause of  
their treaties with the United States, to  
send into this country wood pulp and  
paper free of duty. That privilege is  
now granted only to the United States  
reciprocity act. The issue thus will be  
tried for several months.

Alaska's Vote.

JUNEAU, Alaska, Oct. 25.—The votes  
cast in the election of delegates to con-  
gress in August were canvassed today  
and the result announced as follows:  
Total vote, 822; James Wickert, Rep-  
ublican, 322; William A. Gilmore, Re-  
publican, 172; Kazis Krausman, So-  
cialist, 188; Robert W. Jennings, De-  
mocrat, 114; Martin Harris, Indepen-  
dent Democrat, 23. In 1908, 365 votes  
were cast; in 1910, 252.

Naval Cadet Dismissed.

WASHINGTON, Oct. 25.—Walter J.  
Tison of Illinois, a third-year man at  
the naval academy at Annapolis, who  
was court-martialed for having hazed a  
pilot by standing him on his head, was  
dismissed from the academy today by  
Secretary Meyer.

Stock Broker Indicted.

BOSTON, Oct. 25.—An indictment  
charging the larceny of \$145,000 from four  
Michigan copper mining companies was  
returned today against Stephen R. Dow,  
a stock broker. Dow was released on  
\$25,000 cash bail. The indictment alleged  
that the defendant wrongfully obtained  
funds from the Indiana, Algonquin, Frank-  
lin and North Lake Mining companies.  
Dow resigned as president of these com-  
panies at the time of the failure of  
Stephen R. Dow & Co. last month.

## UPSET, BILIOUS, SICK? "CASCARETS"

No Headache, Biliousness,  
Lazy Liver or Constipated  
Bowels by Morning.

Are you keeping your bowels, liver  
and stomach clean, pure and fresh with  
Cascarets, or merely forcing a passage  
way through these stimulant or drain-  
age organs every few days with Salts,  
Cathartic Pills, Castor Oil or Purgative  
Waters.

Stop having a bowel wash-day. Let  
Cascarets thoroughly cleanse and regu-  
late the stomach, remove the undigested,  
sour and fermenting food and food  
casses, take the excess bile from the  
liver and carry out of the system all  
the decomposed waste matter and poi-  
sons in the intestines and bowels.

A Cascaret tonight will make you  
feel great by morning. They work  
while you sleep—never gripe, sicken  
or cause any inconvenience. For cost  
only 10 cents a box from your druggist.  
Millions of men and women take a Cas-  
cared now and then and never have  
Headache, Biliousness, coated tongue,  
Indigestion, Sour Stomach or Consti-  
pated Bowels. Cascarets belong in ev-  
ery household. Children just love to  
take them. (Advertisement.)

So we might put in a telephone de-  
vice by which we would be able at all  
times to report what President Frank  
M. Ryan and other said about the  
dynamiting. At first Hockin said:  
"You know I've got too much brains to  
get mixed up with McNamara." But  
when I replied: "No, you haven't any  
brains but only a low cunning, and  
we've got the goods on you," he weak-  
ened."

Publisher Goes Free.

NEW YORK, Oct. 25.—The govern-

Tennison Neely, a publisher, arrested in  
September, 1911, in connection with a  
government raid on the bookstores of  
Richard J. Flagg, under indictment  
charged with using the mails to  
defraud. He had previously been re-  
leased on probation when it was estab-  
lished he had no connection with Flagg's  
business other than publishing certain  
literature for him.

John Verbel, Foster, Cal., states: "I  
have suffered many years with kidney  
and bladder troubles, and although I  
have paid hundreds of dollars to doc-  
tors and have taken all kinds of kid-  
ney medicines, I could never get any  
relief until I tried Foley Kidney Pills,  
and they effected a complete cure. I  
have never been bothered with my old  
trouble since." Schramm Johnson,

## Uncle Sam Cleanser

Won't Chap the Hands—You find it in the  
Bargain Basement. This is the same Cleanser  
that made the new H. H. Utah white.

It may seem unusual to refer to  
a household commodity as being practicable for the  
cleansing of a building, which is the severest test  
a cleanser can be subjected to.

UNCLE SAM CLEANSER is bet-  
ter than any cleanser, or scouring preparation on the  
market that we know of. Some have been before  
the public longer and are more extensively adver-  
tised—but none contains the soft, cleansing prop-  
erties UNCLE SAM CLEANSER does. Compared  
with any other Uncle Sam Cleanser would be chosen  
—for tests show that IT DOES WHAT NOTHING  
ELSE WILL DO: CLEANSE THE HANDS OF INK  
STAINS TILL THEY ARE SOFT AND WHITE—  
and not chap the hands. All other cleansers chap  
the hands!

The price is 10 cents, but our  
special price is only—

## Six Cents

You will get it in the Bargain Basement.
